Why choose us?

1

Over 20 Years Experience of R & D, production and Service

2

Factory direct sales, final price without middle-man commission, Plenty of regular models are in stock, Low MOQ, Fast delivery

3

OEM/ODM customize are welcome

COMPLETE SPECTATOR SEATING SOLUTION PROVIDER

Plastic range:

Model NO.ES4100

- **BACKREST:**

Shape of back sponge cold-molded polyurethane with high density sponge
Dimension of back sponge:(L)660*(W)475*(T)90mm
Density of foam:35 to 45KG per cubic meter
Inner cover of backrest:plywood
Outer cover of backrest:ABS, Dimension (L)740mm*(W)430mm*(T)3mm

- **SEAT:**

Sponge cushion:cold-molded polyurethane
Density of sponge: 35 to 45KG per cubic meter.
Seat sponge dimension:(L)460*(W)440*(T)90mm
Outer cover of seat:ABS

- **ARMREST&CHAIR LEG**

Armrest material:solid wood,thickness 25mm, paint coating surface treatment.
Armrest height:620mm
Chair leg: selected hot-rolled steel plate,thickness 1.6mm stamping and welding. phosphating and powder coating surface treatment. Fabric side

- **FABRIC: selected high quality linen and velvet with anti-static, anti-pilling, flame retardant tested,the colors of fabric are optional**

- **Total height:980mm**

- **Function Options: Writing tablet, Seat numbering, Embroidered Logo**

Model NO.ES4102

- **BACKREST:**
Shape of back sponge cold-molded polyurethane with high density sponge
Dimension of back sponge:(L)650*(W)450*(T)80mm
Density of foam:35 to 45KG per cubic meter
Inner cover of backrest:plywood
Outer cover of backrest:ABS, Dimension (L)740mm*(W)430mm*(T)3mm

- **SEAT:**
Sponge cushion:cold-molded polyurethane
Density of sponge: 35 to 45KG per cubic meter.
Seat sponge dimension:(L)450*(W)450*(T)90mm
Outer cover of seat:ABS

- **ARMREST&CHAIR LEG**
Armrest material:solid wood,thickness 25mm, paint coating surface treatment.
Armrest height:620mm
Chair leg: selected hot-rolled steel plate,thickness 1.6mm stamping and welding. phosphating and powder coating surface treatment. Fabric side

- **FABRIC:** selected high quality linen and velvet with anti-static, anti-pilling , flame retardant tested,the colors of fabric are optional

- **Total height:980mm**

- **Function Options: Writing tablet, Seat numbering, Embroidered Logo**

Model NO.ES4104

• **BACKREST:**

Shape of back sponge cold-molded polyurethane with high density sponge
Dimension : (L)730*(W)460*(T)110mm(the maximum thickness)
Density of sponge:35to 45KG per cubic meter
Inner cover of backrest:plywood
Outer cover of backrest:ABS, Dimension (L)740mm*(W)430mm*(T)3mm

• **SEAT:**

Sponge cushion: cold-molded polyurethane
Density of sponge: 35 to 45KG per cubic meter.
Seat sponge dimension:(L)480*(W)460*(T)170mm(the maximum thickness)
Outer cover of seat:ABS ,(L)500*(W)425*(T)3mm

• **ARMREST&CHAIR LEG**

Armrest material:solid wood,thickness 25mm, paint coating surface treatment.
Armrest height:620mm
Chair leg: selected hot-rolled steel plate,thickness 1.6mm stamping and welding. phosphating and powder coating surface treatment. Fabric side

• **FABRIC:** selected high quality linen and velvet with anti-static, anti-pilling , flame retardant tested,the colors of fabric are optional

• **Total heght:**1050mm

• **Function Options:** Writing tablet, Seat numbering, Embroidered Logo

Model NO.ES4200

- **BACKREST:**

Shape of back sponge: cold-molded polyurethane with high density sponge

Dimension of back sponge: (L)650*(W)450*(T)120mm

Density of foam: 40 to 55KG per cubic meter

Inner cover of backrest: plywood

Outer cover of backrest: Use plywood which is shaped by mold, Eco paint coating surface treatment, Dimension (L)770mm*(W)520mm*(T)20mm

- **SEAT:**

Sponge cushion: cold-molded polyurethane

Density of sponge: 40 to 55KG per cubic meter.

Seat sponge dimension: (L)450*(W)450*(T)150mm

Outer cover of seat: plywood with Eco paint coating, (L)445*(W)425*(T)13mm

- **ARMREST&CHAIR LEG**

Armrest material: solid wood, thickness 25mm, paint coating surface treatment.

Armrest height: 620mm

Chair leg: selected hot-rolled steel plate, thickness 1.6mm stamping and welding. phosphating and powder coating surface treatment. Fabric side

- **FABRIC: selected high quality linen and velvet with anti-static, anti-pilling, flame retardant tested, the colors of fabric are optional**

- **Total height: 1000mm**

- **Function Options: Writing tablet, Seat numbering, Embroidered Logo**

Model NO.ES4201

- **BACKREST:**

Shape of back sponge: cold-molded polyurethane with high density sponge
Dimension : (L)690*(W)460*(T)150mm(the maximum thickness)
Density of sponge:40 to 55KG per cubic meter
Inner cover of backrest:plywood
Outer cover of backrest:Use plywood which is shaped by mold, Eco paint coating surface treatment, Dimension (L)770mm*(W)520mm*(T)20mm

- **SEAT:**

Sponge cushion: cold-molded polyurethane
Density of sponge: 40 to 55KG per cubic meter.
Seat sponge dimension:(L)470*(W)440*(T)140mm(the maximum thickness)
Outer cover of seat:plywood with Eco paint coating ,(L)445*(W)425*(T)13mm

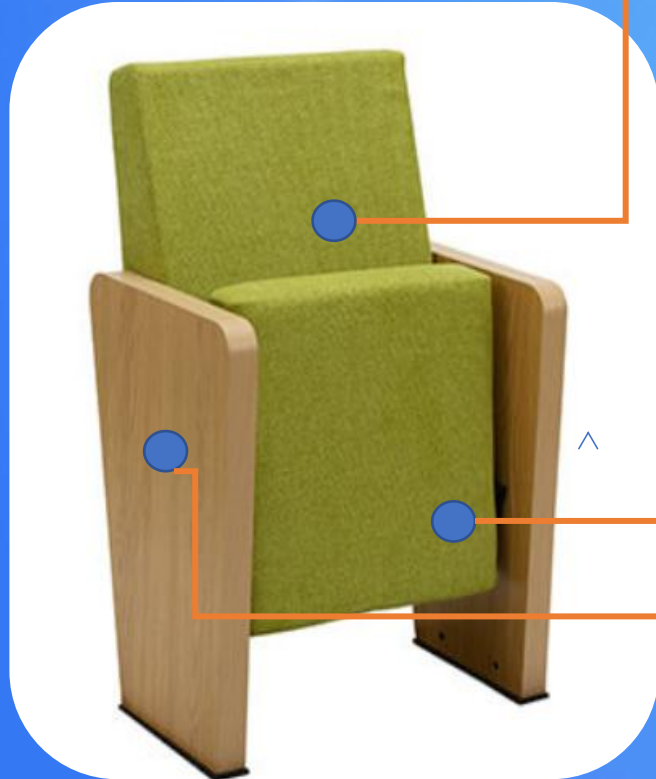

- **ARMREST&CHAIR LEG**

Armrest material:solid wood,thickness 25mm, paint coating surface treatment.
Armrest height:640mm
Chair leg: selected hot-rolled steel plate,thickness 2.0mm stamping and welding. phosphating and powder coating surface treatment.fabric side

- **FABRIC:** selected high quality linen and velvet with anti-static, anti-pilling, flame retardant tested,the colors of fabric are optional

- **Total height:**1000mm

- **Function Options:** Writing tablet, Seat numbering, Embroidered Logo

Model NO.ES4203

- **BACKREST:**

Shape of back sponge: cold-molded polyurethane with high density sponge
Dimension : (L)710±10mm*(W)500*(T)120mm
Density of sponge: 40 to 55KG per cubic meter

- **SEAT:**

Sponge cushion: cold-molded polyurethane
Density of sponge: 40 to 55KG per cubic meter.
Seat sponge dimension: (L)500*(W)450*(T)100mm (the maximum thickness)
Outer cover of seat: hardwood, (L)445*(W)425*(T)13mm

- **ARMREST & CHAIR LEG**

armrest material: solid wood, thickness 70mm, paint coating surface treatment.
Armrest height: 650mm

- **FABRIC:** selected high quality linen and velvet with anti-static, anti-pilling and flame retardant tested, the colors of fabric are optional

- **Total height: 920mm**

- **Function Options: Writing tablet, Seat numbering, Embroidered Logo**

Model NO.ES4300

- **BACKREST:**

Shape of back spongecold-molded polyurethane with high density sponge
Dimension :(L)650± 10mm*(W)450*(T)120mm(the maximum thickness)
Density of sponge:45 to 60KG per cubic meter
Inner cover of backrest:plywood
Outer cover of backrest:selected hardwood which is shaped by mold, 20mm thickness, Eco paint coating surface treatment

- **SEAT:**

Sponge cushion:cold-molded polyurethane
Density of sponge: 50 to 60KG per cubic meter.
Seat sponge dimension:(L)470*(W)450*(T)170mm
Outer cover of seat:hardwood with eco paint coating,20mm thickness

- **ARMREST&CHAIR LEG**

Armrest surface material:PU leather
Armrest height:630mm
Chair leg:die casting aluminum, paint coating surface treatment.fabric side

- **FABRIC:** selected high quality linen and velvet with anti-static, anti-pilling and flame retardant tested,the colors of fabric are optional

- **Total heght:1020mm**

- **Function Options: Writing tablet, Seat numbering, Embroidered Logo**

Model NO.ES4301

- **BACKREST:**

Shape of back spongecold-molded polyurethane with high density sponge
Dimension :(L)680± 10mm*(W)450*(T)120mm(the maximum thickness)
Density of sponge:45 to 60KG per cubic meter
Inner cover of backrest:plywood
Outer cover of backrest:selected hardwood which is shaped by mold, 20mm thickness, Eco paint coating surface treatment

- **SEAT:**

Sponge cushion:cold-molded polyurethane
Density of sponge: 50 to 60KG per cubic meter.
Seat sponge dimension:(L)470*(W)450*(T)170mm
Outer cover of seat:hardwood with eco paint coating,20mm thickness

- **ARMREST&CHAIR LEG**

Armrest surface material:PU leather
Armrest height:620mm
Chair leg:die casting aluminum, paint coating surface treatment.fabric side

- **FABRIC:** selected high quality linen and velvet with anti-static, anti-pilling and flame retardant tested,the colors of fabric are optional

- **Total heght:1020mm**

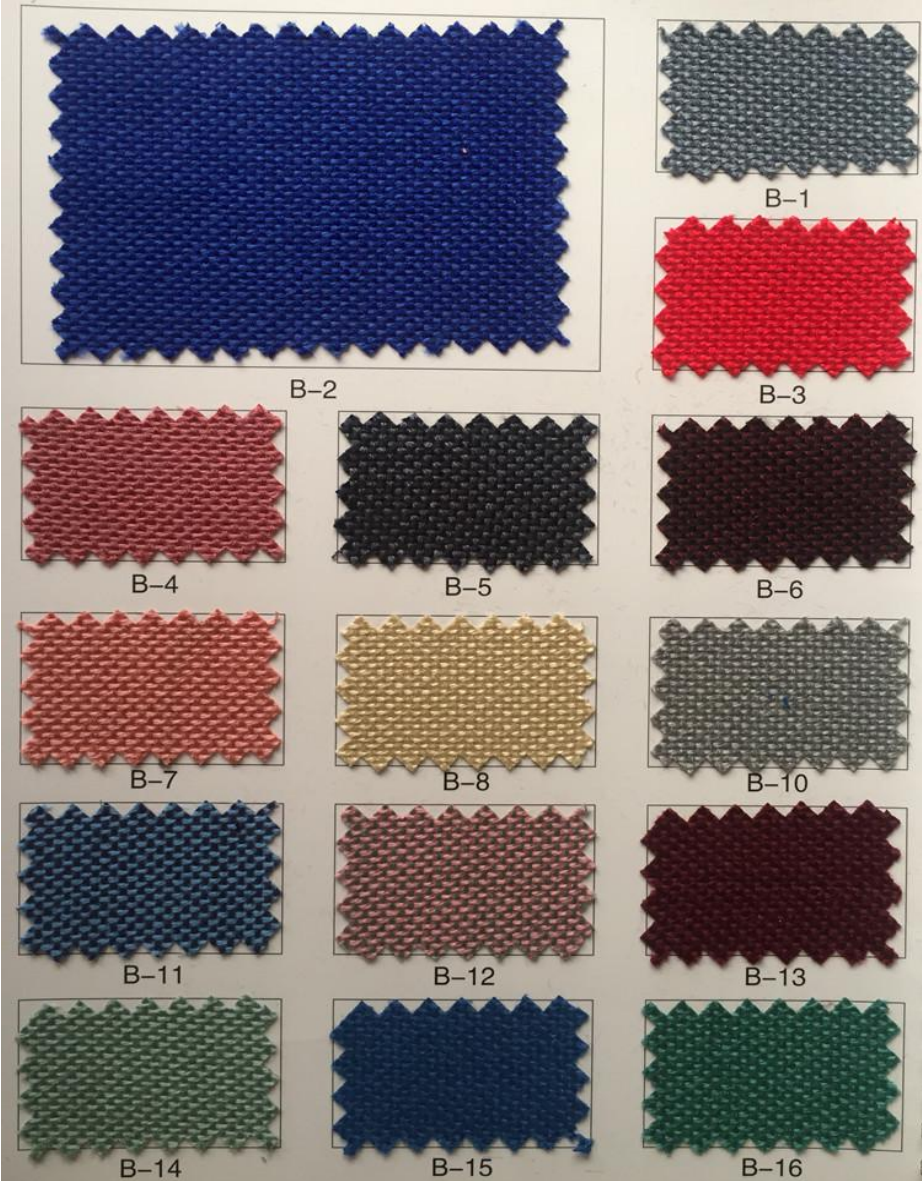

- **Function Options: Writing tablet, Seat numbering, Embroidered Logo**
